How Do You Find Business?

Asked a friend. We don't find it; we hustle for it. Business, like a coy maiden, wants to be courted, and after having secured it we hold onto it by offering our customers better goods in greater variety and at lower prices than they can be bought elsewhere, and thus make it to their interest to stick to us. That's what makes the wheels go 'round.

NOT ANY BETTER.

Fever Situation at New Or-
leans Is Still Serious.

RECORD OF DEATHS FOR THE DAY.

The Conditions Are Multiplying For an
Epidemic and the Dread Disease Has
Evidently Taken Root—Four Patients
Reported In a Dangerous Condition.
One Woman Dies of Inattention.

New Orleans, Sept. 24.—The Bedre-
gard school building which was pre-
pared to use as a fever hospital and
which a mob threatened to burn down
was destroyed by fire at 1 a. m. Al-
though it was guarded by police. It
was formerly a fine residence occupying
a square of ground out on Canal street
near the cemetery.

MORE DEATHS.

Yellow Fever Situation at New Orleans
Is Critical.

New Orleans, Sept. 24.—The local
fever situation did not show any im-
provement when results were summed
up. There were fewer new cases but
there was one more death than in the
previous 24 hours and at least four of
the patients were reported at 6 p. m. to
be in a dangerous condition.

So, that, while there is no reason to
justify the statement that there is no
danger of an epidemic here, conditions
are multiplying to prove what most of
the eminent doctors here have said—
that yellow fever exists. At the close
of the last 24 hours, the record were
stood:

Deaths: Marie Dubois, S. Secreto
and Mrs. Gasparo Lessemes. There
were nine new cases.

The ninth new case reported was
Mrs. Lessemes, whose death is men-
tioned. The woman had been sick for
several days, but she had apparently
no friends, or if she did they were
afraid to go near her.

At the last hour a doctor was sum-
moned and he diagnosed the case as
yellow fever. The woman died of in-
attention as much as of the prevailing
disease.

Mary Dubois, who died, was a child
nearly three and a half years old, liv-
ing in Carrollton, where the disease
has been especially prevalent. She was
taken on the 16th, and her case was
immediately diagnosed as yellow fever.
The other death was Secreto. He was
an Italian, and as in other cases of
Italians afflicted, a physician was only
called in when there was no hope of
saving his life.

Situation at Mobile.

Mobile, Sept. 24.—So far there have
been 38 cases pronounced to be yellow
fever, three have died and 19 remain
under treatment. Two of the cases
were reported during the day and 10
were discharged. Up to noon there
have been no deaths since Saturday
last and all the sick but one or two
are reported doing well. The two cases
are Mrs. Julia Jarvis, Elmhurst street,
and Henry P. Lutting.

General Palz Wounded.

Managua, Nicaragua, Sept. 24.—Gen-

battle fought near Rivas with the

to have resulted in a complete victory
for the latter.

Silver still goes up and wheat comes steadily down, but the G. O. P. organs are as silent about it as the grave into which that party will tumble this fall.

The poor Oubans will have to suffer on until just before the election. Boss Hanna has ordered McKinley, his man Friday, to make no definite move until then, in the hope that heroic measures at that time will help him in his senatorial race.

Hanna says he was the first man in Ohio to recognize union labor. Mr. Hanna is not frank enough to state the further fact that as soon as he recognized union labor he choked the life out of it. There is not a union man in his employ today.

There should be a good turnout at All Saints chapel tonight, when the question of a public Kindergarten will be discussed. Miss Laws, of Cincinnati, will be present, and it is hoped our citizens will recognize the importance of the move for a public Kindergarten. Portsmouth needs such an institution and a more able advocate and organizer than Miss Laws could not easily be found. When we think of the vast amount of knowledge the little tots are compelled to acquire in the first four or five years of their lives, we recognize the benefit of systematic training in the beginning, that is guiding the energy of the child. The Kindergarten is not a school, properly speaking, where children are compelled to study, but is a place where the little ones are so managed that their play is directed in a manner to produce results and to lead them without taxing either their mental or physical being, to accomplishments that form the foundation for future work or study. Little ones when in health are virtually a bundle of energy. This energy is expended—must be expended. Hence, when awake they are never still. The Kindergarten aims to so direct this energy as to lead the child unawares into the systematic accumulation of useful knowledge and accomplishments. It is a good thing; encourage it.

LETTER FROM CALIFORNIA.

Ed. Times:—Notwithstanding the fact that the price of the workman's bread, meat and clothes are going up, while his wages are going down, yet owing to an abnormal condition of things brought about by the great demand from abroad to satisfy the hunger of thousands in foreign lands and a tariff at home to satisfy the greed of opportunity, we feel there is an assurance growing up around us that tends to strengthen the hope of man that leads to confidence and a restored prosperity. When the people realized their condition, so strong had become the hold upon this country by the foreign money power, they were almost in despair, turning from one of the old parties to the other, only to find the same enemy in control of the government. So strong had become that power that about one-half of the nation's money was destroyed, which spread bankruptcy and loss from one end of this country to the other, resulting in a loss to American investments, an amount equal to our National debt.

With sinking hearts and hope almost gone, they saw this power grow stronger and bolder from its success and by the abject heart of those in power in throwing themselves at the feet of this exacting tyrant. Thinking patriotism was dead in the hearts of all Americans, they came out from under cover, proclaiming their demands with that tone that resulted in a complete surrender of principles and honor at St. Louis a year ago, and there setting their own dogmas against an American policy. But, thank God, they succumbed to their own undoing, for there was one loyal heart with this little band of patriotic followers, in whose breast burned the love of country and its interest—a love as strong as that which burned in the hearts of those that have stood around the campfires of days gone by—a loyalty that begged for the interest and rights of their own countrymen. With bursting heart and streaming eyes, in the midst of that howling mob, he pleaded for his country and his country's honor, until crushed down by force of the tyrants without and torments within. They sent up that warning cry that was caught up by the winds that far around fanned into flames the smoldering spark of patriotism, still in the hearts of loyal men throughout the land. It grew with leaps and bounds until it rested like the white dove of approval upon the shoulder of the people's choice at Chicago—that loyal, intrepid leader and emancipator. By the combined influence of both the old parties and the millions of two hemispheres, the people's emancipator and their country's savior went down into the sepulcher of defeat, crucified upon the golden cross of the foreign Jews, aided by their willing tools and Hanna's hirelings. See him throwing off the winding sheet of defeat, breaking the bandages of despair. He comes forth brighter and more glorious than before, cheering the fainting hearts of men. Knowing the greatness of the cause, feeling the strength of growing love for country and country's interest, hope more certain springs again into the hearts of men. Knowing as the time of the "Advance Agent" expires, hope, with the assurance of success, will bring that confidence which leads to prosperity. The loyal and liberty loving people of the proud state of Ohio should rejoice in the fact that to them comes the privilege and the honor of striking the first blow that will loosen the strengthening hold of this vampire from off the throats of American investments, which is a thousand times of more importance to the voter of Ohio than enhancing the value of foreign gold—a blow for liberty that will cheer the hearts of struggling men from the Atlantic to Hawaii, and from the exposed miner on Alaska's frozen shore unto the bleeding hearts upon Cuba's blood-stained shore—a victory that will encourage and renew the hopes of suffering Americans, exposed to danger by a weak administration and indignities and insults from foreign countries—a victory that will warn all our country's foes that the loyal people of the United States will not longer submit to insults and injuries for fear of war. Not that the power now in control cares for the precious lives of the country's defenders, but to protect our rights might bring war, and to bring war would break down this sweet-scented, high-grade, imported gold standard, for it has ever been true that in the hour of a country's need, gold has been a deserter.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

Chief Cause.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder. Therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; a sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney and bladder remedy, is soon realized. If you need a medicine you should have the best. SANDBAGGED

H. M. Dawson Robbed of Thirty Dollars Wednesday Night.

Thieves Climbed Into His Wagon and Knocked Him Senseless

With a Sandbag and Then Coolly Proceeded to Rattle His Pockets—They Got Over Thirty Dollars in Money and Other Valuables From Him—The Robbed Man a Brother of Judge J. M. Dawson, of This City—No One.

News reached the city today that H. M. Dawson, a brother of Judge Dawson, of this city, had been brutally assaulted and robbed while on his way home from Portsmouth Wednesday night.

Mr. Dawson lives a few miles the other side of Harrisonville. He came to Portsmouth Wednesday morning with a load of produce and was successful in disposing of it. The result was that when he started for home he had about \$30 in his pocket.

All went well with him until he was about two and one-half miles the other side of Harrisonville. It was dark by that time. He was about half way across a big covered bridge, known as the Pool bridge, when he thought he heard some one clamber into his wagon. Before Mr. Dawson could turn around he was struck on the head by a sandbag, the blow rendering him unconscious. He must have been in that state fifteen or twenty minutes, and when he regained consciousness he found that his pockets had been rifled and all his money and valuables stolen. His horses were standing on the bridge. Mr. Dawson drove to the nearest residence and gave the alarm. There was no clue to work on, however, and the fellow escaped.

This is the second hold-up on this pike within the last few days and steps should be taken to bring the perpetrators of the crimes to justice.

AT EVANSVILLE

The Ohio Valley Improvement Association Will Meet October 12th—Scope of the Work.

The annual convention of the Ohio Valley Improvement association will be held at Evansville, Indiana, October 12th. In reference to the work of this association, Col. John L. Vance, the president, says:

"It is my firm conviction that this work has revolutionized public sentiment in regard to the improvement of internal waterways. Instead of looking upon every project of this character with suspicion, the public in all sections of the country has come to regard the systematic plans now in progress with a high degree of favor. It is noted with a marked degree of satisfaction that the work of the Ohio Valley Improvement association has not been local, sectional or selfish, but has been mapped out upon broad lines, from which the benefit to the country at large is already clearly discernible. The release of the Monongahela river, which is now an accomplished fact, abates a tax which was assessable with great uniformity and regularity upon every consumer of coal, from the source of the Ohio to the headwaters and mouth of the Mississippi. The carrying out of the policy of continuous work, and the provision therefore, by wise legislation, is another landmark in the progress of our association, the benefit of which will sooner or later be felt at every point on the Ohio."

A JOLLY TIME

Are the Portsmouth Lady Bicycle Tourists Having on the Road—Are Now in Circleville.

The Chillicothe Advertiser has this to say of the Portsmouth lady bicycle tourists, whose trip was mentioned in the Times a few days ago:

"A merry bicycle party of four, the Misses Emma and Alma Wilhelm, Etta Uhl and Emma Labmering, left Portsmouth yesterday morning, stopping over at Waverly for dinner. There they were joined by Mr. and Mrs. Henry Stahler, Miss Annie Keim and her guest, Mrs. Horace Fox, who accompanied them to this city, arriving about 5:30. The four Portsmouth ladies spent the night here, the guests of Miss Anna Kirchenschlager, of East Main street, and this morning started for Circleville, intending to dine there and make Columbus by night, if possible. After making a short visit at Columbus they expect to return on their wheels, taking a slightly different route."

They Are Fishermen Now.

W. W. Donaldson, the contractor, and his sons, Edgar and Harry, and Frank Brookins went out on Turkey Creek last night to lure the finny denizens of that stream into trouble. Today they are depleting the Scioto. Mr. Donaldson says he has an old Virginia method that brings them every time. He did not just say so, but intimated that when a fisherman starts toward the water with this method the fish pack their trunks, get out on the bank, and fanning themselves with their tails beg to be caught.

An Operation Performed.

Daniel Titus, an old soldier of the late war, who has been very seriously afflicted with an abscess of the ear, is recovering nicely. The very critical operation recently performed by Dr. McCann, of Harrisonville, proved very successful. Mr. Titus lives at Harrisonville.

Everybody invited to attend our opening next Tuesday, Sept. 28th. Music in the evening.

AT ALL SAINTS CHAPEL

Miss Laws the Cincinnati Kindergarten Teacher Will Lecture This Evening.

Miss Laws, the well known Kindergarten teacher, of Cincinnati, arrived in the city this afternoon and will be the guest of her friend, Miss Perkins, while here. Miss Laws came to Portsmouth to interest the people here in the free Kindergarten work. She will lecture tonight at the chapel of All Saints Episcopal church on the work, the meeting being called for seven o'clock, standard time. Miss Laws is one of the foremost Kindergarten workers in the country and her talk cannot fail to be interesting. Everybody—ladies and gentlemen—is cordially invited to attend. The members of the board of education are also especially urged to be present.

For several years past the Kindergarten work has been carried on here under the auspices of the ladies of Bigelow church. It is now proposed to have the Kindergarten supported by a public association instead of by Bigelow church alone, and extend the work so as to cover the entire city. The object is a worthy one and the results will more than repay the outlay necessary to start the work.

BRIGHT REPORTERS.

How the Piqua Call Base Ball Reporter Went After a Ball Game This Week.

Here is a specimen card in current base ball literature reproduced from an account of a game in the Piqua Call between the Piqua and New Castle, Pa., teams. Is it any wonder that sixteen men 'fell on bases' when there were two 'wild pitchers' named 'Finnimore' in the game? But possibly the name of the umpire and the 'chilly' weather cheered all hands:

Fell on Bases—Piqua, 9; New Castle, 7.
Two-base Hits—McCarthy, and Covert, Fleming, Ross and Natness.
Wild Pitchers—Finnimore, 2.
Time of game, 2 hours.
Umpire—Millice, of Miamiburg.
Attendance—Fair.
Weather—Chilly.

"The Secret of Happy Life."

Next Sunday evening, at Sixth Street M. E. church, the Rev. Thomas S. Robjunt will preach the last of the series of special sermons to young men and women, his topic being, "The Secret of a Happy Life." In the morning his subject will be "The Story of a Great Love." As these will be the last services before conference, the pastor urgently asks for the attendance of every member of the church and also hopes that all who have been attending his people's services during the year will make a special effort to be present at the evening service.

NEW MEDICAL DISCOVERY

A Positive Cure for Dyspepsia.

This may read as though we were putting it a little strong because it is generally thought by the majority of people that dyspepsia in its chronic form is incurable, or practically so. But we have long since shown that dyspepsia is curable, nor is it such a difficult matter as at first appears.

The trouble with dyspepsia is that they are continually dieting, starving themselves, or going to opposite extremes or else deluging the already overburdened stomach with "bitters," "after dinner pills," etc., which invariably increase the difficulty even if in some cases they do give a slight temporary relief. Such treatment of the stomach simply make matters worse. What the stomach wants is a rest. Now how can the stomach become rested, recuperated and at the same time the body nourished and sustained?

This is the great secret, and this is also the secret of the uniform success of Stuart's Dyspepsia Tablets. This is a comparatively new remedy, but its success and popularity leaves no doubt as to its merits.

The Tablets will digest the food anyway, regardless of condition of stomach.

The sufferer from dyspepsia, according to directions, is to eat an abundance of good, wholesome food and use the tablets before and after each meal, and the result will be that the food will be digested, no matter how bad your dyspepsia may be, because, as before stated, the tablets will digest the food even if the stomach is wholly inactive.

To illustrate our meaning plainly, if you take 1,800 grains of meat, eggs or ordinary food and place it in a temperature of 98 degrees, and put with it one of Stuart's Dyspepsia Tablets it will digest the meat or eggs almost as perfectly as if the meat was enclosed within the stomach.

The stomach may be ever so weak, yet these tablets will perform the work of digestion and the body and brain will be properly nourished and at the same time a radical, lasting cure of dyspepsia will be made because the much abused stomach will be given, to some extent, a much needed rest. Your druggist will tell you that of the many remedies advertised to cure dyspepsia none of them has given so complete and general satisfaction as Stuart's Dyspepsia Tablets, and not least in importance in these hard times is the fact that they are also the cheapest and give the most good for the least money.

DILLON-TYNES

A Very Pretty Wedding at the
Tynes Residence Last Night

When Mr. John G. Dillon and Miss Estelle Tynes Were United in Marriage—The Ceremony Performed by the Father of the Groom in the Presence of Relatives and Friends of the Contracting Parties.

The pretty home of Mrs. Thomas Tynes, on East Fourth street, was the scene of a very beautiful and happy wedding yesterday evening, when Mrs. Tynes' daughter, Miss Emily Estelle Tynes, was united to Mr. John G. Dillon. The ceremony was witnessed by the relatives and intimate friends of the high contracting parties.

Promptly at the appointed hour, eight o'clock, the bridal party entered the front parlor to the strains of the Mendelssohn wedding march, Miss Mary Reed presiding at the piano. The bridal party marched up an aisle of bride's ribbons, formed by the four little flower girls—Emily Connell, Oatharine Wait, Helen Wait and Lollie Anderson, sweetly dressed in gowns of dainty white. First came the bridesmaid, Miss Bertha Wait, charmingly gowned in white organdy, with yellow ribbon trimmings, on the arm of Mr. Robert Tynes. Closely following came the bride on the arm of her brother, Mr. Fred Tynes, who gave her away. The groom, attended by his brother, Mr. Ben H. Dillon, followed.

The bridal party took up their station under a beautiful canopy formed of streamers of white ribbon and smilax, extending from the parlor windows to the chandelier, in the center of the room, with a background of maiden-hair fern and ageratum. Then the Rev. J. W. Dillon, father of the groom, performed the ceremony, the impressive ring service being used, and Mr. and Mrs. John Dillon received the sincere congratulations of the assembled guests.

The bride, Miss Tynes, looked charming in a beautiful gown of white moire silk, with chiffon trimmings. She wore a veil of tulle held in place with opal and diamond pins, the gift of the groom. The groom wore the conventional evening dress.

Immediately after the happy couple had received the congratulations of their friends, the guests were invited to the dining-room by Mrs. Oasky. In the dining room Mrs. Philo Clark presided, being assisted by Misses Anna M. Evans, Alice Altman, Julia Murphy and Pauline Grimes. The tables and the room were very beautiful in their decorations of golden-rod and white carnations, while the room was softly lighted with elegant candelabras.

The decorations of the house were very beautiful and attractive. In the front parlor, in addition to the canopy beneath which the ceremony was performed, the mantel was banked with bride's roses and maiden-hair fern, the effect being very pretty. The rear parlor looked charming in its decorations of golden-rod and daisies. The decorations of the hall-way and other rooms harmonized with those of the parlors. Among the guests were Mr. and Mrs. Leonard W. Goss and wife, of Cincinnati; Rev. and Mrs. Dillon and Mr. Ed. Dillon, of Columbus, and Mrs. Henry Floto, of Cincinnati, cousin of the bride.

The contracting parties in the ceremony are popularly known in Portsmouth's social circles. Miss Tynes is the daughter of Mrs. Thomas Tynes and is a general favorite. Mr. Dillon is a prominent young business man, being one of the managers of the Wait Cabinet works.

Mr. and Mrs. Dillon will go to housekeeping at once on East Fourth street and will be at home to their friends after October 15th. They were remembered by many friends in the way of presents, the list including many beautiful articles.

A Birthday Surprise Party.

The home of O. H. Wells, on Grimes avenue, was the scene of a pleasant surprise party last night, it being his 32nd birthday. He had forgotten the fact until early in the evening, when he was serenaded by some young people. They accepted his invitation to come in and were shortly followed by Mrs. H. J. Wendelken, who presented Mr. Wells with a box of cigars, wishing him many happy returns. One by one the guests dropped in until the house was full of smiling faces. A delightful evening was spent by all.

These Are the Feet

That test the "staying qualities" of shoes. We have a stock especially selected for staying qualities, comfort and style. When we say we can dress your feet better than any shoe house in town for less money, it sounds like boasting, doesn't it? If, however, we can make good the claim, that is all you care about, isn't it? What's the use in saying a thing that isn't so; you always get found out.

In Selling Shoes

We have found a straightforward policy of truth telling the best plan. No fireworks here. No Buncombe. No Blow. But when it comes to selling fine shoes at prices which make all questionable methods unnecessary, then we are "at home" to you every day in the year.

Dr. Miles' Nervine Restores Health.

UNCLE EZEKIEL OBEAR, assessor and tax collector, Beverly, Mass., who has passed the 60th life mile stone, says: "Dr. Miles' Restorative Nervine has done a great deal of good. I suffered for years from sleeplessness and nervous heart trouble. Would feel weary and used up in the morning, had no ambition and my work seemed a burden. A friend recommended Dr. Miles' Nervine, and I purchased a bottle under protest as I had tried so many remedies unsuccessfully. I thought it no use. But it gave me restful sleep, a good appetite and restored me to energetic health. It is a grand good medicine, and I will gladly write anyone inquiring, full particulars of my satisfactory experience."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address: DR. MILES MEDICAL CO., Elkhart, Ind.

THE LADIES

Had Full Sway on the Street Railroad Today.

The Lady Collectors Went on Duty Early This Morning and Have Been Collecting and Ringing Up Fares All Day Long—A Big Rush of Travel and the House Will Realize a Neat Sum.

The ladies were in full possession of the street railroad today, and all day long fair feminine fingers collected and rang up the fares. The girls went on duty early this morning—one young lady going on the motor car while two ladies divided the trailer car. On each train of cars was a chaperon to see that the girls did not flirt with the regular conductors and motormen, or with the passengers. Each set of collectors made two trips over the line, being on duty about two hours. They then counted up the cash collected and turned it over to the secretary.

The cars were gaily decorated with bunting and flags and presented an attractive appearance. They were well patronized all day long, hundreds of friends of the Home for Aged Women taking short rides, in addition to the regular trade. The ladies could not have had a more beautiful day for their enterprise. The sun came out bright and warm and made traveling on the cars very pleasant. This afternoon in particular many parties took a ride over the line, and many more are booked for tonight. Many of those who went to New Boston stopped off at Grandview park and spent an hour. Indications are that the ladies will realize handsomely from the profits of the day.

KLONDIKE IN PORTSMOUTH.

Nogetts That Everybody Can Gather Without Fasting the Chillicothe—Grand Opening Next Tuesday.

The season of the year is now here when the ladies bring forth last year's cloak or cape and sigh because its erstwhile pristine glory vanished with the passing year. Then they begin to wonder what a new one will cost and where they had better go to buy it. It is to give them a pointer that we write this. A look through the

CLOAK DEPARTMENT

At Marting Bros. & Co.'s is all that is necessary to set their minds at rest on that subject. There they will find the latest and best in all styles, shades and colors, and in prices ranging from \$1.00 to any higher price you want to pay. These chilly nights also remind the good housewife that woolen blankets will soon be in order, and in the

BLANKET DEPARTMENT

She will find just what she wants. Marting Bros. & Co.'s stock is large and complete and the prices range from \$2.50 a pair up. These are all wool and are elegant.

This is perhaps not exactly the time of year for the carpet trade, but in passing through the

CARPET DEPARTMENT

We could not help noticing the large stock and beautiful patterns. They have a good carpet as low as 25 cents a yard and the finest of all wool at 50 and 60 cents. The

MILLINERY DEPARTMENT.

Is perhaps one that will interest the ladies as much as any other just now. The styles are simply elegant and the stock is immense. There is scarcely a thing in the millinery line that heart could wish for or money buy that is not here. This department is in charge of Miss Alma Sprinkle and Miss Pearl Merrill, both young ladies of superior ability in their line. The

DRY GOODS DEPARTMENT.

As usual, is a perfect bonanza of up-to-date goods, accompanied with seductive prices. Ladies will here find anything they want, from the cheapest calico to the finest silks and satins.

THE GRAND OPENING.

The fall opening will take place next Tuesday, Sept. 28th, and will be a treat for all who attend. The display will be on a grander scale than ever and the stock in all departments is full.

Bruce Evans on the Lookout.

Constable Bruce Evans was looking about the N. & W. yards this morning looking for Engineer Eddie Foy, who was on a local run. Evans had papers in a suit brought against Foy by Mrs. Martin Schwartz, which he wanted to serve. The suit was brought in 'Squire Shakespeare's court and was for a debt of \$60 contracted by Foy several years ago, when the Schwartzes ran a hotel near the depot. Foy was formerly chairman of the grievance committee of the Locomotive Engineers' union.

BASE BALL NEWS.

The Louisville Post has the following complimentary notice of two pitchers who have appeared before the Portsmouth public many times, and one of whom once signed to wear a Portsmouth uniform:

"If Newton, of the Norfolk team, who joins us when we get back home, isn't a success for us on the slab, then I'm no judge of a ball player," is the statement of Hans Wagner. "I've played against him in the Atlantic association and think he is one of the greatest pitchers that ever wore shoe leather. He is a big fellow with a world of speed and a great drop ball, which he backs with a wise head and he knows how to field his position. He is without doubt the best pitcher in the Atlantic association, and when a slab man can get away with a game there he has to do great work." Adam Rothfuss, who was here with the Pirates, was also enthusiastic over Newton and tried to get the Pittsburgh people to buy him but could not make it.

Pitcher Leever, of Richmond, who has just been signed by Pittsburgh, is another of the good things that Manager Hanlon was angling for. It seems, however, that anything that Hanlon thinks is good is at once snapped up. Manager Jake Wells, of the Richmond, thinks that Leever is a crackerjack, and his record this year certainly bears out his opinion. Leever is twenty-four years old, five feet, ten inches in height, and weighs 180 pounds. He is a school teacher, and is styled "the Professor" by the boys.

Mr. Bauer and his sister, who lives on Glover street, went to Wheelersburg this morning.

Boys Playing With Fire Cause a Conflagration.

A VILLAGE LAID IN ASHES.

Terrible Explosion In the Midst of the Flames.

PROMINENT CITIZENS PERISH.

The Business Portion of Bainbridge, together with several residences and the Methodist Church, destroyed by the devouring element—W. P. Beardsley, the proprietor of a drug store, and his brother-in-law met an awful fate—Fire Departments from neighboring cities respond to the appeal for assistance.

Bainbridge, O., Sept. 24.—This village was the scene of one of the most disastrous conflagrations that ever occurred in this county. An entire square containing most of the prominent business houses, several handsome residences and the Methodist church was entirely destroyed and two prominent business men lost their lives in an explosion which occurred in the drug store of W. P. Beardsley.

The fire was started in a barn in the rear of Perrill Brown's general store by two little boys who were playing with lighted matches. The flames spread rapidly and communicated with the main buildings. Beardsley's drug store adjoining, was next ablaze and with the limited means at hand for fighting fire, it passed all bounds and became uncontrollable.

Fatal Explosion.
In the midst of the excitement a terrible explosion occurred in the drug store and Mr. Beardsley, who was inside, endeavoring to save some of his property, lost his life in the ruins. His brother-in-law, Thomas Higgins, who went to his rescue, was unable to get out and was burned to death, while several others were more or less injured, but none fatally.

There was a stiff breeze blowing which fanned the flames to greater fury and getting a fresh start from the burning oils and chemicals in the wrecked drug store, the fire leaped from house to house until it was evident that the entire town was doomed.

A message was sent to waverly and to Chillicothe asking for aid and both fire departments promptly responded. The Baltimore and Ohio Southwestern and Ohio Southern railroads sent special trains with the engines, but they did not arrive until almost 4 p. m. nearly three hours after the first alarm was given.

The best that could be done was to prevent the fire from being communicated to the other squares and the fire ladders soon had the flames under control. After the destruction of Beardsley's drug store the following property was consumed: Methodist Episcopal church, Armstrong's livery stable, J. R. Head's store, Ogle's saloon, an empty business property, Brichman's barber shop, Dr. McKee's residence, Seymour Morris' residence, W. P. Beardsley's residence, Houser's grocery, McDills' millinery store, and Andrew Alderman's shoe store.

But two houses were left standing on the square, both being private residences owned by Perrill Moore. The estimated loss is \$50,000.

The bodies of Beardsley and Higgins were found on the floor about 15 feet from the front entrance, mutilated and burned beyond recognition. The list of wounded included: John Walley, cut on right arm and shoulder; Homer Huling, broken hip; Jack Studer, finger on right hand broken; Albert Frey, internal injuries received by fall from a building; George Schrader, William Pencill, and Harry Rose, minor injuries. The excitement was awful. Scores of people are homeless. Relief has been sent from neighboring places.

What Is The Matter With You?

You don't feel well. You can not work without great effort. One day you shake with cold and you burn with fever, the next you feel tolerably well. You may have a low continuous fever and don't know what the matter is. Your head is heavy. Nothing tastes right and you have no appetite. You have malaria in your system. You had better get it out. What is malaria, what are its symptoms, what are its effects, can it be cured? These and other questions are answered in our pamphlet "Ant-al-gor." It is free. Families and physicians will do well to read it. Write for it.

ARCADIA CHEMICAL CO., Station A, Cincinnati, O.

THREE WITNESSES

Claim They Saw a Woman Who Looked Like Mrs. Luetgert After May 1.
Chicago, Sept. 24.—In the face of the sensational circumstantial evidence that has been produced to prove that Mrs. Luetgert met death in her husband's sausage factory on May 1, three witnesses testified that they saw the woman alive on May 3 and 4.

Matt J. Sholey, a barkeeper at the Hotel Maple, Kenosha, Wis., said he saw a strange woman at the Hotel Maple on the evening of May 3. He talked with her nearly 10 minutes. She asked to be addressed to the farm of one Mueller in the neighborhood, but as no one seemed to know of such a person the woman left.

He identified a photograph of Mrs. Luetgert as the woman he saw. On cross-examination witness Sholey at first fixed the weight of the woman he saw at 130 or 140 pounds. Then he hesitated—said he had got mixed up—and remarked that the woman weighed 115 to 118 pounds, which was about Mrs. Luetgert's weight. This hesitation and correction was made much of by the prosecution.

Policeman Feldshaw of Kenosha, Wis., and W. J. Gruensten, a hotel clerk, corroborated Sholey's statement about seeing the woman who looked like Mrs. Luetgert. Rosa Gleich and Mrs. Mattie Sherer were placed on the stand to impeach the testimony of Emma Schimpke. Both claimed the Schimpke girl had told them she had testified falsely about seeing Luetgert and his wife go to the sausage factory on the night of May 1.

Burlington Stored Goods.
Chicago, Sept. 24.—The interstate commerce commission began work with a hearing of the old case preferred by the American warehouse commission against the railroads, charging them with placing goods in warehouse for a longer period than 48 hours. Local Freight Agent Brown of the Burlington road was the first witness. He said that his company stored goods at warehouses, but made no extra charge. He admitted storing large quantities of sugar and soda for considerable periods of time, and said that if the Burlington did not store these goods the business would in all probability go elsewhere.

Settlement Desired.
Tangier, Morocco, Sept. 24.—The United States cruiser San Francisco, flagship of the European squadron, which arrived here on Tuesday last to investigate and obtain redress if necessary for the reported flogging of American citizens at Mogador, and support the promised settlement of claims of United States against Morocco, left this port. It is stated here that if the claims of the United States are not settled within a reasonable time a squadron of United States war vessels will be sent to Morocco.

Injunction Dissolved.
Chicago, Sept. 24.—Judge Showalter of the Federal district court dissolved the injunction secured by the people of Fulton to prevent the removal of the headquarters of the Modern Woodmen from their city. His ruling was based on two grounds: First that there was no basis for the contention, and second that the matter was in the state court at Rock Island, and therefore the United States court should not be asked in the case.

Steel Rails Going Out.
Seattle, Wash., Sept. 24.—The steamer Kagoshima of the Nippon Yusen Kaisha line sailed for the Orient with a cargo of 4,000 tons, valued at \$222,700, the largest single assignment being 4,000 steel rails and equipment going to Chemulpo, Korea.

No Damage to Breakwater.
Philadelphia, Sept. 24.—Reports from the Delaware breakwater state that so far no damage has been done by the northeast gale which reached there during the night. The wind blew at the rate of 42 miles an hour.

California Fruit In London.
London, Sept. 24.—Within nine hours after the docking at Southampton of the American line steamship St. Paul 4,403 packages of California fruit were delivered at Jovett Garden market here and were soon sold.

Fatal Boiler Explosion.
Owensboro, Ky., Sept. 24.—The saw-mill boiler of E. G. Dex, three miles from Livermore, blew up. Three men were killed and 10 injured. Cold water run into the boiler caused the accident. The mill was totally wrecked.

Dynamited a Train.
Havanna, Sept. 24.—Four days ago the insurgents dynamited a pilot train between Punta Brava and Las Manegas, Pinar del Rio. The engineer, Pedro Milones, son of the well known poet, was seriously wounded.

THEIR PURPOSES.

What the Monetary Commission Will Seek to Do.

VIEWS OF EX-SENATOR EDMUNDS.

He is of the opinion that the currency reformers will not attempt to agree upon changes in the law at present, but will first ascertain existing evils and dangers.

Washington, Sept. 24.—Ex-Senator Edmunds, president of the monetary commission, said concerning the scope and purposes of the commission:

"The commission is composed of gentlemen residing in all the different sections of the country. They were not selected to represent, nor do they represent, any special interest to be promoted by what they may think it wise to do, but rather to contribute from the principal callings of the industry and commerce and finance of the United States such information as would be likely to aid in reaching just conclusions and in suggesting measures that should be beneficial equally to the whole body of the people of the country.

"Naturally and necessarily, it may be supposed that no particular plans or changes in the laws would at present either be agreed upon or even proposed, but rather that the first labors of the commission would be devoted to ascertaining the existing condition of things as affecting all interests of the people, and what evils or dangers now exist.

"The people of the whole country may feel sure that the commission will do nothing and recommend nothing that is intended to advance any interest or class at the expense of any other, whatever may be the public opinion in respect of the wisdom of what the commission may finally suggest to be done."

But Bannock Bucks.

Washington, Sept. 24.—According to a report received by the commissioner of Indian affairs from Lieutenant Hall, acting agent for the Indians on the Fort Hall reservation in Idaho, that reservation has recently been the scene of quite a lively skirmish between the Indian police and about 75 of the young Bannock bucks. The encounter grew out of an effort on the part of the police to restore a young Indian girl to the agency school, which she had left without permission of the school authorities. This the young men undertook to prevent, and while they were not successful, they beat some of the police quite badly before the latter accomplished their work of returning the girl to her place in the school.

Experiments With Torpedoes.

Washington, Sept. 24.—The naval ordnance bureau has been securing some remarkable results from certain experiments it has been making with an attachment for torpedoes, the invention of an Austrian named Obrey. This is a kind of gyroscope, and the reports from the torpedo station where the tests have been made and are to be continued show that it has the property, having been once directed at the object to be hit, of actually restoring the torpedo to which it has been attached to a straight course toward that object even after it has been deflected. The addition of this device is said by experts to make the torpedo almost a weapon of precision.

Will Escape Pruning Knife.

Washington, Sept. 24.—One set of estimates in the navy department that will escape the pruning knife of the acting secretary are those submitted by the ordnance bureau. Mr. Roosevelt regards these estimates as of vital importance and development of the whole navy. The items for guns for the auxiliary cruisers is to be pressed vigorously, as well as the estimate for smokeless powder.

MOTHER! There is no word so full of meaning and about which such tender and holy recollections cluster as that of "MOTHER"—she who watched over our helpless infancy and guided our first tottering step. Yet the life of every Expectant Mother is beset with danger and all effort should be made to avoid it.

so assists nature in the chancetaking place that the Expectant Mother is enabled to look forward without dread, suffering or gloomy forebodings, to the hour when she experiences the joy of Motherhood. Its use insures safety to the lives of both Mother and Child, and she is found stronger after than before confinement—in short, it "makes Childbirth natural and easy," as so many have said. Don't be persuaded to use anything but

MOTHER'S FRIEND

DEMOCRATIC CAMPAIGN

Formerly Opened in Central Ohio—Abstract of Chapman's Speech.

Columbus, O., Sept. 24.—The Auditorium was filled with an enthusiastic crowd at the opening of the Democratic campaign in central Ohio. Allen W. Thurman acted as chairman and Horace L. Chapman, candidate for governor, General Warner, Mayor James Rice of Canton and Congressman Lentz were the speakers.

Allen H. L. Chapman said in part: Our committee very properly selected Sept. 23 as the time to open our campaign, on commemoration of the patriotism and virtue to the citizens in honor of whom three counties in Ohio are named, in refusing to be bribed and sell their country 117 years ago for 10,000 guineas, or \$50,000 worth of British gold, offered by Major Andre, the spy, to that traitor, Benedict Arnold, to betray his country and deliver General Washington into the hands of Sir Henry Clinton.

When their bribes were offered and the amount increased from time to time, the firm reply came from the three plain militiamen: "We are Americans." They could not be bought with British gold.

The contest last year was the most remarkable in our history, by reason of the fact that the money power, trusts and incorporations of every kind, were largely arrayed on one side, and the common people on the other. Under these circumstances, six and a half million votes were cast for Mr. Bryan in the face of the most powerful corruption fund ever raised in the history of the country.

It is now nearly 11 months since the election, and what has taken place. Nothing but broken promises and unfulfilled pledges on the part of the Republican party. We are told that prosperity exists throughout the country; that labor is employed at good wages and business booming—caused by the advance in price of cereals from the foreign demand, and the advance in some other articles from the effect of the Dingley bill.

I am in favor of the restoration of silver at the ratio of 16 to 1, without waiting for the permission or consent of any other country, believing that we are able to maintain our own financial policy, and I am in favor of only three kinds of money—gold, silver and legal tender treasury notes, good for all debts, public and private, and in support of my views, I quote from prominent Republican statesmen, who expressed their convictions upon this subject.

Mr. Chapman then quoted from McKinley, Sherman and Foraker favoring silver and continuing said:

In conclusion let the freemen of Ohio, no matter of what political party, rise in their might at the polls and crush that monster bribery—which threatens to tear down our form of government, and with it the teachings of honor, virtue and patriotism, which we have so long revered. With an honest ballot at the coming election we will win a great victory and emulate the virtues of Paulding, Van Wert and Williams.

Colored Democrats.

Columbus, O., Sept. 24.—Colored Democrats formed the Negro Protective party with Abraham Lincoln as an emblem. They named a state ticket as follows: Governor, Samuel J. Lewis, Cincinnati; lieutenant governor, Jason Tilley, Cleveland; supreme judge, Graham Deuell, Columbus; attorney general, Charles F. Armistead, Gallia county; member board of public works, John McKee, Clark county; treasurer, Moses Moore, Montgomery county; state school commissioner, C. D. Horner, Hamilton county.

P. O. S. of A. Officers.

Columbus, O., Sept. 24.—The State camp, Patriotic Order Sons of America, elected the following officers: President, L. S. Kittie of Columbus; secretary, John L. Dill of Dayton; treasurer, C. A. Barton of Zanesville; trustees, B. V. Holland of Baltimore and Leonard Young of Columbus. The headquarters of the order, which for seven years have been at Akron, have been changed to Dayton, where the next convention will be held.

Proposed Consolidation.

Cleveland, Sept. 24.—On Oct. 12 and 13 there will be a delegate convention in Cincinnati of the Sons of the American Revolution and the Sons of the Revolution. The first was started on the Pacific slope in 1876 and has 10,000 members, and the second in New York in 1883 and has 7,000 members. A committee of five was appointed recently to draw up a plan of consolidation. This joint committee will report to the Cincinnati convention.

Buyers of Pig Iron.

Cleveland, Sept. 24.—The Iron Trade Review says: The buying of bessemer pig iron in the Pittsburgh and other central western districts has kept up, the total of the past two weeks being estimated at close to 100,000 tons. Further purchases are pending, since it is well known that large steel companies are consuming considerably more pig iron than they produce.

Will Meet in Milwaukee.

Columbus, O., Sept. 24.—The German Catholic Central society decided to meet in Milwaukee next year and elected the following officers: President, Adolph Weber (re-elected), Racine, Wis.; secretary, Anton Bickel, Milwaukee; treasurer, John F. Brinkman, Terre Haute, Ind.

Big Burgoe Feast.

Columbus, O., Sept. 24.—The parade, in honor of the Union Veteran Legion and Army of the Cumberland, while not the largest, was one of the best ever seen in this city. After the parade the veterans went to Olentangy park to the big burgoe feast.

New Incorporations.

Columbus, O., Sept. 24.—The Cincinnati Bowling league, Cincinnati; the Lake Erie Oil and Drilling company, Cleveland, capital stock \$10,000; the Gilmore Athletic club, Sandusky.

President of Both Roads.

Cleveland, Sept. 24.—President S. R. Galloway of the Lake Shore railway has been elected president also of the Pittsburgh and Lake Erie railway.

National Commander Elected.

Columbus, O., Sept. 24.—The Union Veteran Legion elected Colonel Archibald Blakely, Encampment No. 1, Pittsburg, national commander.

Hanna's Famous (?) Oration at Burton Epitomized.

BRISTLES WITH THE BIG "I."

George B. Cox's Millionaire Senator Opens His Campaign Under a High Pressure of Conceit of How He Saved the Country.

The Hanna campaign was opened wide at three distinct places in Ohio Saturday, September 11, but the chief opening was at Burton, in Geauga county, where George B. Cox's senator, Mark A. Hanna, made his first political speech. All the oratorical efforts of the founders of the party, such as Lincoln, Chase, Stewart, Sumner and a host of honored dead, sink into insignificance and fade into empty words and nothingness when compared with Mr. Hanna's speech. Hereafter, Webster's reply to Haine and Lincoln's speech on the field of Gettysburg will cease to be models, and Hanna's Burton speech will be rehearsed by millions of school children yet unborn, in countless schoolhouses yet to be erected. The following condensations of this remarkable deliverance is given that the people may read, ponder and for once behold perfection in the art of oratory in Mr. Hanna's classical stump speech!

Fellow-citizens:

I am Mark Hanna!
I am speaking!
I made McKinley president!
I saved the country!
I saved the Republican party!
I am the great and only!
I will carry Ohio!
I am the real thing!
I am the old boss!
I say the thing newspapers!
I never crushed labor (it was Dick).
I nominated Coxey!
I know Dick gave that check!
I gave the money!
I am not sorry he gave it!
I am sorry he was caught!
I say it's a lie!
I recognize organized labor (with a club).

I am an organized laborer myself!
I was when I tried to bribe the street railroad franchise through the legislature!

I said a—Foraker in 1889!
I say a—Conger now or any other Republican who dares not support I.

I beg you to believe!
I discovered McKinley!
I own him!

I am in business in Ohio!
I did not go into politics with any selfish motives! (Rats!)
I have used my energies!
I have exercised my functions!
I am the real stuff!

I am the whole shooting match!
I saw the danger!
I see the danger!

I thought I saw!
I gave myself to the cause!
I stand here today!
I gave my time!
I nearly gave my life!
I defended my country from anarchists!

I thank God!
I am opposed to the free coinage of silver and the cranks!
I can tell you!
I converted thousands of Republicans back!

I won't let them change my tariff law for twenty years!
I am hot stuff!
I make the assertion!
I quite agree!
I did not want to make a speech!
I wanted you to know!
I protested!
I hope!

I have made a good impression!
I only wanted to get up here!
I wanted to show myself!
I have no horns!
I appreciate!
I want to tell you!
I want you to rally around I and the old flag!

I endorse McKinley!
I will elect Bushnell!
I am harmonious!
I am for harmony!
I am not divided!
I am a great man!
I know of no Republican!

I hope you will elect I!
I am not a cartoon!
I am in position to know!
I cannot have it!
I thought I!
I can tell you!
I have been charged!
I charged!
I predict!
I done!

I never went off!
I have made up my mind the Lord is a Republican!
I want to be senator!
I carried Ohio last fall!
I can do it again, you bet!
I let Foraker pass the Dingley bill!
I love Bushnell! (Nitt!)
I love Foraker! (Nitt!)
I love Coxey!
I love labor!
I always have loved labor!
I love the miners!
I love the farmers!
I love every voter in Ohio!
I want their votes!
I brought prosperity!
I restored confidence!
I restored business!
I raised the price of wheat!
I raised the wages of labor!
I fixed the wages of miners at 65 cents a ton!
I am for Hanna and every Republican has got to be!

Defrauded People.

Sept. 24.—Frank Vogel and George Ford, the former a grocery clerk, the latter a school teacher, have been arrested and are now held in \$1,000 bail to answer to the United States grand jury to the charge of robbing a postoffice and making fraudulent use of money tenders. I had, every now and then, and the every now and then came pretty close, too, either a pain across the small of my back—a dull, steady ache. Many a time through the day it would fetch me up when I would be stooping, or such like. A man with a parsnip of this kind will not be backward about trying a medicine which promises relief. Such was my case when I went to Fisher & Streich's drug store and obtained a box of Doan's Kidney Pills. When using them the pain in my back went entirely away. Not a single trace of it is left. TWO FRANKS.

Messrs. Duduit and Schumann Indicted for Selling Cigarettes

And Tobacco to Minors—Two More Indictments Out for Fornication and Adultery—Nettie Davis Granted a Divorce From Sherman Davis—Gerlach vs. Gerlach.

Two more of the indictments found by the last grand jury have been made public. One is against Frank E. Duduit, Jr., the West Second street newsdealer, for selling cigarettes to minors, and the other is against Frank Schumann for selling tobacco to minors. These are the first indictments for these offenses to be returned for several years. The law is very plain on these points and provides that whoever sells, gives or furnishes to any minor under sixteen years of age any cigarette, cigarette wrapper, or any substitute for either, or any cigar or tobacco, upon conviction thereof shall be fined not less than twenty-five dollars nor more than \$100, or imprisoned not less than two nor more than thirty days, or both, for the first offense, and fined not less than \$50, nor more than \$200 and imprisoned not less than five nor more than sixty days, for the second or any subsequent offense. In case of conviction the person furnishing the information upon which conviction results shall be paid one-half of the fine assessed and collected.

Of the other three indictments returned, but not made public yet, one is for fornication and another for adultery. The papers have not yet been served by the sheriff.

Nettie Davis was granted a divorce from Sherman Davis Thursday. Plaintiff is also given custody of the two children until otherwise ordered by the court. The parties live in Sciotoville and have been having considerable trouble in court for the last three or four terms.

The case of Helen Gerlach vs. Conrad Gerlach occupied the attentions of court today. Mrs. Gerlach is suing for alimony.

HOT ARGUMENT.

Judge Ball has been holding a nice little session of Citizens' Savings bank court for the past few days. The attorneys are making their final arguments. There was a very exciting session this morning between Messrs. Anderson and Holcomb. Some epithets were exchanged that were not at all complimentary in their tone. Timely intervention of the court prevented a hand-to-hand fight. It is quite likely the arguments will be concluded today. It will be several days before Judge Ball will arrive at a verdict.

A STEAM LAUNCH

Purchased by Captain Thos. B. Lawson That Is Quite a Chipper Little Vessel.

The little steam launch, Glad Tidings, which has been moored at the wharf for the past two days, has been purchased by T. B. Lawson from the owner, Capt. W. H. Mackay, of Pittsburgh, for \$400. It was Capt. Mackay's intention to go on up the river to his old home at Steubenville, but low water prevented him from getting his boat over Bouanza bar. Capt. Mackay was accompanied by S. V. Rankins, of New Richmond, and W. Clyde Quimby, of Steubenville. They left via rail for Steubenville this morning.

A Remarkable Gathering.

On the 21st inst there were gathered at the handsome residence of W. W. Donaldson, of East Eighth street, four old ladies whose age aggregate 315 years. They were Mrs. Mary Young, 88 Mrs. Olive Applegate, 77; Mrs. James Simpson, 75, and Mrs. Elizabeth Allen, 75. The old ladies are all spry and in good health for the weight of years they carry and bid fair to note the coming and going of many seasons yet. It is like a page from some authentic history to have them discuss events of the long ago, when this century was in its infancy. Mrs. Allen is the mother of W. W. Donaldson.

CHANGE C. & O. TIME CARD.

The F. F. V. Limited East Bound, Will Arrive Ten Minutes Later After Sunday Next.

The C. & O., on Sunday will put its fall and winter schedule into operation. There will be no changes made in the through service, save in train No. 3, F. F. V. limited, for the East. On the new time-card the trains will arrive at South Portsmouth at 8:03, instead of 8:53, as at present. The evening accommodation will be ten minutes earlier, at 7:05 instead of 7:15.

The F. F. V. limited makes a daily run between here and New York, a distance of 828 miles, and the lengthening out of the running time of ten minutes is all that the C. & O. allows for the midwinter storms and other troubles ahead of through trains in the mountains during the most severe months of the year. The schedule is changed now that there may be no change later on.

FOR THE LAND

Of Flowers and Sunshine, Dr. Slagle and Family Leave Today—Goes to Anaheim, California.

It is with many regrets that the Times notes the departure of Dr. Jacob Slagle and family for the far West. They bade adieu to their old friends today and started on their long journey across the continent to the land of flowers and perpetual sunshine. The good doctor intends to locate at Anaheim, California, for the practice of his profession. Notwithstanding the fact that doctors are not much in demand in the salubrious climate to which Dr. Slagle goes, the Times has no fear but that he will achieve the success he so richly merits.

Trouble in Earlytown.

Charley McDowell and a fellow named McGill had a fight over a woman in Earlytown last night. Constables Wolf and Wear arrested McDowell and placed him in jail awaiting a hearing before Squire Stewart. McDowell gave the two constables the slip on the way down to jail. They fired a pistol in the air and he stopped.

A TOUGH CROWD

Assemble in Earlytown to Dance, But Instead They Scrup and One of Them Is Arrested.

There was a high old time in Earlytown last night. It was the evening of their weekly dance and all were out for a time. These dances are held every Thursday night and are attended by the toughest element in the city. Last night there was an especially tough crowd in attendance and the dance could not possibly end without a "scrap." The language used was dreadful, and so the citizens complained to Constable Wear. When he got there there was a "scrap" on hands. Chas. Simpler drew a gun and was going to "do" some one. Wear promptly arrested him for carrying concealed weapons. The officers of that vicinity are bound to break up these meetings and wholesale arrests may be made if they attempt to have another dance.

Dr. Hanna Goes to Be Married.

When Dr. C. N. Hanna, the young Gay street physician, left a few days ago for Zanesville, he confided to a few friends the object of his mission. But the news was too good to keep and the secret is out now. The doctor has gone to take unto himself a wife, one of the fairest flowers of the Muskingum valley. They are expected to return in a few days and will make their home in this city.
